GIRL FOR  
SKILL TRAINING

60€

For a 6 month course  
in tailoring

# VOCATIONAL SKILLS FOR A BETTER FUTURE

For young women, girls  
and young single mothers

Our tailoring programme enables young women and girls, who dropped out of school because of poverty or early pregnancy to engage in activities, where they learn vocational skills, to live a self-sustainable life. Many poor single mothers are asking us, if we can support their children financially - our answer: We want to enable THEM to care for their little ones. This is why our skill trainings are free of charge.

With YOU being a sponsor of one girl, you will help us paying her training materials and 10% of the salary of the vocational trainer. Thank you for your support!
